

**Eco-Rapid Transit
Statement of Qualification
Recertification Form and Instructions**

Consultants, firms and vendors which have previously submitted Statement of Qualifications (SOQ) to Eco-Rapid Transit (the Orangeline Development Authority) and desire to remain on the current SOQ list are required to submit a recertification form every two years from the date of original approval by Eco-Rapid Transit Board. Consultants, firms and vendors that requested multiple categories are required to submit a recertification form. Please mark each category that you are requesting recertification.

Please return the mailed recertification forms by September 16, 2013 to

Instructions/Information

Consultants, firms and vendors desiring to submit an SOQ for new or an additional work category must submit a new SOQ package. The process to submit a new SOQ is pending can be found on the Eco-Rapid Transit website.

The updated SOQ list will be presented to the Eco-Rapid Transit Board of Directors at their October 2013 meeting, and upon Board approval, the SOQ list will be posted on the website shortly thereafter.

The recertification remains valid for two years from the date approved by the Eco-Rapid Transit Board of Directors. Consulting firms and vendors which do not submit a recertification request will be dropped from the approved SOQ list. Placement of Consulting firms and vendors on the SOQ list does not constitute any guarantee of work.

Eco-Rapid Transit (the Orangeline Development Authority) is requesting "Statements of Qualification" from interested professionals and firms to support currently existing and future work by Eco-Rapid Transit.
